**Notice to Applicants and Guarantors:** To help the government fight the funding of terrorism, narcotics trafficking, trans-national organized crime, and money laundering activities, U.S. Federal law requires financial institutions to obtain, verify, and record information that identifies each person (individuals or businesses) who opens an account. What this means for you: When you open an account or add any additional service, we will ask you for your name, address, and taxpayer identification number that will allow us to identify you. Additionally, federal regulation requires certain financial institutions to obtain, verify, and record information about the beneficial owners of legal entity customers. Legal entities can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who ultimately own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.
